

# SUNSHINE COAST CHURCHES SOCCER ASSN

13<sup>th</sup> May 2020

Hello SCCSA Families,

With the release of QLD government's road Map to easing restrictions last Friday, Sunshine Coast Churches Soccer Association is working towards comprehensive guidelines so our trainings and games can recommence as soon as possible.

This guideline needs to integrate both the Road map to easing restrictions and the AIS framework for Rebooting Sport in a COvid-19 Environment. The guidelines will be discussed with clubs in the coming days, as our clubs will need to be prepared for our players to return to a safe environment when it is possible to do so. The exact date for any recommencement is subject to the release of State Government guidance to community sporting bodies on Friday 15 May.

SCCSA will provide further information as soon as possible, however in the meantime the current suspension of soccer activities within SCCSA still applies.

We encourage our members to download the COVID safe app and continue to practise social distancing

We appreciate everyone's patience through this time. Understandably we are all very keen to recommence the season as soon as possible.

Your Sincerely

*Tim Watens*

SCCSA President
